UNA MATTINA

EVENTS & CATERING

BUSINESS PROJECT • 2026

From a farmers market crepe concept to a distinctive brand for events, design and live catering experiences.

Internal presentation for the Una Mattina team

UNA MATTINA

The Una Mattina Vision

We are building a brand that starts simply, but is not limited to one product.

TODAY

Farmers market launch centered on crepes. Focus: product quality, a recognizable visual identity, efficient service and first revenue.

NEXT

Una Mattina Events & Catering: planning and coordination, event design, luxury picnics, live station catering and full-service private event production.

LONG TERM

A strong events business that supports continued brand growth and, one day, the opening of an Una Mattina Café.

Our goal is not to sell fixed packages. Every event is different and receives its own custom concept.

01 • EVENT PLANNING & COORDINATION

From the initial idea and budget to vendors, layout, timeline and event-day management.

02 • EVENT DESIGN, FLORALS & SETUP

Creative concept, tablescapes, floral arrangements, décor, signage, rental coordination, setup and breakdown.

03 • LIVE STATION CATERING

Mobile catering stations featuring preparation and service in front of guests, customized for different types of events.

Clients can hire Una Mattina for one service or entrust us with the complete event.

Client Journey

The process should feel simple to the client even when the behind-the-scenes production is complex.

1 INQUIRY › 2 DISCOVERY › 3 CONCEPT + SCOPE › 4 CUSTOM PROPOSAL › 5 CONTRACT › 6 PLANNING + DESIGN › 7 FINAL PRODUCTION › 8 EVENT DAY › 9 FOLLOW-UP

Client-facing: a custom experience. Internally: clear systems, checklists, costing and standards.

UNA MATTINA

No public price list on the website; every proposal is built around the actual event scope.

- **Planning & design hours**
- **Sourcing, meetings & purchasing**
- **Transport, setup & breakdown**
- **Use of owned inventory**

UNA MATTINA

Farmers Market → Events & Catering Strategy

We are not trying to launch everything at once.

PHASE 1 • NOW

Crepes
Permits & kitchen
Booth branding
Product testing
First revenue

PHASE 2

Station build
Inventory
Vendor network
Pricing systems
Contracts

PHASE 3

Styled shoots
Photo/video
Portfolio
Staff training

PHASE 4

Events launch
Inquiry system
Custom proposals
Private bookings

PHASE 5

Second station
More inventory
Regular staff
Larger events

At farmers markets, we first build trust through the product and brand. We promote Events & Catering once we are ready to deliver the experience at a high standard.

UNA MATTINA

Project Development Priorities

A clear sequence prevents unnecessary purchases and premature expansion.

1. Complete the farmers market launch
2. Define the exact event service scope
3. Build an internal costing system
4. Finalize the modular live station specification
5. Purchase core reusable inventory
6. Build the vendor & partner network
7. Build a staffing pool and service standards
8. Contracts, policies & checklists
9. Styled portfolio shoots
10. Launch materials + website later

Every new purchase should answer three questions: Is it reusable? Does it improve the guest experience? Can it be used profitably?

UNA MATTINA

We are not building only a crepe business.
We are building the Una Mattina world of events.

WE PLAN • WE DESIGN • WE CREATE EXPERIENCES

Farmers Markets → Events & Catering → Una Mattina Café & Catering
